## Crew Rules

Crewing is a privilege not a right at this race. We ask that you follow these simple rules to help keep our race safe and enjoyable for everyone. Breaking any of these rules may result in the disqualification of your runner.

1. Crews are permitted **ONLY** at the following aid stations (plus the start & finish):

- Antelope Creek Aid #1 (Mile 7.4)
- Hidden Treasure Mine Aid #2 (Mile 12.4)
- Bumble Bee Aid #3 (Mile 18.8)
- Black Canyon City Aid #6 (Mile 36.5)
- Table Mesa Aid #8 (Mile 49.6)

2. Crews must follow the instructions of the aid station captains and be respectful of aid station staff / volunteers.

3. When arriving at the first 3 aid stations (Antelope Creek, Hidden Treasure Mine and Bumble Bee), park to the far right side of the road in the same direction of travel you have been going in (south). Do not make a U-Turn to park closer to the aid station on the opposite side of the road. We need to keep all cars on the West side of the road and in a single file line parked as far to the right of the road as possible. This will keep the road open for traffic, emergency vehicles and provide a safe and visible crossing for runners.

4. SLOW down when approaching the first 3 aid stations (5 MPH). Runners WILL be crossing the road at ALL of these junctions. Please be aware of this when you see special event & caution signage on the roadway and follow direction from volunteers with traffic control vests.

5. Please be self sufficient on race day. Aid station snacks and supplies are for runners only. You may fill your runner's pack and bottles with ice and water from our aid station, but please ask the aid station captain first for assistance.

Greetings Crew!

We want to welcome you to the inaugural Black Canyon Trail 100K! We've put together this crew manual to make your race day experience go as smooth as possible. This race has some great features for crews which should make taking care of your runner easy and fun. We will cover some basics of the course layout, which aid stations you can access, aid station directions, and ask that you follow our safety rules at aid stations. Each aid station does have an aid station captain who is ultimately in charge if there are any questions on race day.

The Black Canyon Trail 100K course runs approximately 62 miles from north to south, paralleling the Interstate 17 freeway on a combination of single track and old jeep trail. The race will start at Mayer High School in Spring Valley, AZ and finish at the Emery Henderson Trailhead in New River, AZ. Crews will travel down a series of dirt roads that criss-cross the run course and the I-17 freeway to access aid stations. The dirt roads are accessible by passenger car, but please exercise caution on some of the washboard sections of trail. There is also one steep section after the first aid station.

The first three aid stations after the start (Antelope Creek, Hidden Treasure Mine & Bumble Bee) are all located along sections of the BCT100K that cross the dirt road you will be driving on. We ask you exercise extreme caution as you approach these aid stations and look for signs and aid station volunteers who will be wearing traffic vests. **IMPORTANT.** We ask that all crew vehicles park as far to the right side of the road as you can and stay in that direction of travel. This will keep the road as clear as possible for other traffic and emergency vehicles on race day.

There are dining options in Black Canyon City near the Black Canyon City Aid Station as well as Anthem near the finish line. We'll also have Nomad Pizza cooking up wood fired pizzas at the finish line from 4pm to 11pm. They will have pizza available for purchase by crews (\$10-11 range for one 12 inch pizza with meat, vegetarian and vegan options available).

Let us know if you have any questions leading up to or on race day.

Sincerely,

Jamil Coury

## **Other Race Information**

### **Pacing**

Pacing is permitted starting at the Black Canyon City Aid Station at Mile 36.5 through the finish. Pacers may also start or switch out at Table Mesa Aid Station at mile 49.7. We ask that pacers be on foot and you only use one at a time. "Muling" or carrying of the runner's equipment, food, water or other supplies is not permitted.

### **Race Day Tracking**

We don't yet have a race day tracking feature for runners out on the course. Please be patient when waiting for your runners. Our radio communications team is tracking all runners and we will do our best to inform crew members at an aid station of any situations that arise.

### **Restrooms on Course**

We will have a "roaming" portable restroom on a trailer that will be mainly available at Antelope Creek Aid #1, Bumble Bee Aid #3 and Table Mesa Aid #8 at different parts of the day. There are also permanent restroom facilities at the start, Black Canyon City Aid #6 and the finish at Emery Henderson Trailhead.

### **Crew Food & Water**

We ask that you bring your own food, water and other supplies for your personal use on race day. We will only be providing water, ice and food for our registered runners and pacers on race day. There is food available in Black Canyon City / Rock Springs, Anthem and at our finish line for purchase (we will have wood fired pizza at the finish for purchase).

### **Cutoff Times**

Runners must clear the following aid stations by the following times to continue on with the race:

12:30 PM – Gloriana Mine Cutoff (Mile 23.2)

4:15 PM – Black Canyon City Cutoff (Mile 36.5)

8:00 PM – Table Mesa Cutoff (Mile 49.7)

11:00 PM – Final Cutoff
